

Dental amalgam and solid waste disposal

Be compliant with the EPA Dental Amalgam Rule

Benefits of the Amalgam Bucket from Crosstex

- Can be used for waste amalgam, amalgam capsules, teeth with amalgam, chairside traps and vacuum pump filters
- UN certified
- Available in three sizes to best fit the needs of your practice
- Includes packing accessories and pre-paid return shipping for easy recycling
- Easy to use online portal for shipping label and recycling certificate generation

All Amalgam Buckets from Crosstex include pre-paid returns for recycling and certificates of compliance, making it easy to stay compliant. For wet amalgam waste disposal, ask about the Syclone™ Amalgam Separator system.
