

Crosstex Biological Monitoring Services

The Largest Sterilizer Testing Lab in North America

**COMMITTED TO PROTECTING YOUR PATIENTS, YOUR STAFF AND YOUR PRACTICE
LEARN WHY OUR CLIENTS CHOOSE CROSSTEX FOR STERILITY ASSURANCE:**

- ✓ Mail-in spore test results in as little as 24 hours for steam, 72 hours for chemical, 7 days for dry heat and EtO upon receipt of spore strips in our laboratory.
- ✓ Compatible with dry heat, chemical EtO and steam sterilizers.
- ✓ Your choice of immediate test failure notification by fax or email with a follow-up phone call the next day from one of our customer care consultants.
- ✓ Sterilization results are faxed or emailed quarterly and annually.
- ✓ Check results online 24 hours a day on our secure confidential website.
- ✓ Third party documentation of test results provides a tangible record when proof of testing must be provided.
- ✓ Highly resistant, dual-species bacterial spores provide the most reliable method of testing for an effective sterilization cycle.
- ✓ One of the most cost-effective methods of biological monitoring.
- ✓ Products are US Food and Drug Administration cleared.
- ✓ OSAP Corporate Super Sponsor.
- ✓ Corporate member of AAMI, serving on many sterilization working groups.
- ✓ Participating corporate member with DIAC, DTAF, DTA, HIDA, ADAA, ADHA, OSAP.

**Millions of spore tests, 1 mission:
to protect our diverse clientele**

REMINDER PROGRAM

Learn more about how this works by watching our [REMINDER REPORT VIDEO](#)

Check this box to enroll in the Reminder Program. Uncheck if you want to disable reminders.

Contact Method Email Fax

Test Frequency Weekly Monthly
CDC guidelines recommend weekly testing

SIGN-UP FOR NEWS & UPDATES

If you would like to receive relevant infection control news updates directly to your inbox please leave the selection box.

COMPLIMENTARY REMINDER PROGRAM FOR ALL CLIENTS

Utilizing Crosstex® as your testing lab for mail-in sterilizer monitoring services allows you to partake in our complimentary 'Reminder Service,' with alert notifications of a missed test date by email or fax.

LIVE CONSULTATIONS

Customers with failed spore tests automatically receive a personal phone call from a Crosstex clinical consultant. And customers and non-customers alike can call the toll-free Infection Control Helpline **8558-STERILE** from 9am-5pm M-F MST to speak directly with a Crosstex clinical consultant. Don't Risk It!

STEP-BY-STEP VIDEO TUTORIALS

In-use product demonstrations help communicate the subtle nuances of sterilization. A new infection control series of videos help guide and remind clinicians of sterilization best practices for instrument reprocessing.

CERTIFICATES OF PARTICIPATION

Enrollment with Crosstex biological monitoring services provides you with a certificate of participation that you can proudly display in your office/facility for patient's peace-of-mind.
