

Crosstex Expands Product Portfolio with Acquisition of SAFE-FLO® Saliva Ejector Products

Innovative Technology Eliminates Risk of Backflow and Reduces Risk of Cross Contamination

Hauppauge, NY – December 1, 2017 Cantel Medical Corp. subsidiary, Crosstex International, Inc. ("Crosstex"), continues its market diversification and expansion with the acquisition of SAFE-FLO® Saliva Ejector products from RJC Products LLC ("RJC Products"). This patented technology eliminates backflow, thus reducing the risk of cross-contamination from patient to patient and improving the infection prevention protocol within the dental practice.

"We are excited to add the SAFE-FLO Saliva Ejector family of products to our existing product portfolio of Saliva Ejectors and HVE Tips. As a recognized leader, this addition enhances our portfolio and is in line with our mission to provide innovative infection prevention solutions that improve and enhance the patient experience," stated Gary Steinberg, President & CEO, Crosstex. "Backflow has long been a major concern of the dental profession and the addition of the SAFE-FLO Saliva Ejector product portfolio will further enable us to help eliminate this risk while providing added safety and comfort for the patient."

"Crosstex is the ideal partner as its suite of high quality, innovative products combined with SAFE-FLO Saliva Ejector industry leading technology will help eliminate backflow and reduce the risk of cross contamination during dental procedures," stated Rich Bushman, President, RJC Products. "The addition of SAFE-FLO Saliva Ejector products will not only enhance Crosstex's portfolio, but also help protect patients from the risk of infection."

About Crosstex

Crosstex, a Cantel Medical company, manufactures a wide array of unique and innovative infection prevention and compliance products for the global healthcare industry. Founded in 1953 and headquartered in Hauppauge, New York, Crosstex is a recognized leader for its portfolio of waterline treatment, biological monitoring, sterility assurance packaging and personal protection equipment (PPE).
