

## Crosstex expands dental water solutions portfolio with acquisition of Vista Research Group

*Acquisition offers customers more comprehensive infection prevention solutions and reinforces market leadership position in dental water compliance*

**Hauppauge, NY** – (January 11, 2019) – **Crosstex International, Inc.** (“Crosstex”), the Dental division of Cantel Medical Corp. (NYSE:CMD) announced today that it has acquired Vista Research Group, LLC (“Vista Research Group”), a company that provides a complete line of innovative water treatment, purification and management solutions for the dental industry. Crosstex will now be the provider of the innovative portfolio of solutions for filtration, purification, treatment and management of dental water to reduce the risk of infections, improve patient care, enhance practice workflow, and protect dental equipment.

“The addition of Vista Research Group’s solutions will broaden our dental water purification portfolio and advance the development of our product line. In addition to our DentaPure™ Cartridge, it also will enable us to provide a full suite of end-to-end dental water compliance solutions to dental practices,” said Gary Steinberg, President, Crosstex. “In our ongoing commitment to infection prevention and compliance, we look forward to driving the awareness of and access to the VistaPure™, VistaCool™, and VistaClear™ products so more dental practices can benefit from improved efficiency, simplified workflows, and better protection for both patients and staff.”

Jim Chandler, President of Vista Research Group stated, “We are very excited to now be part of Crosstex and the Cantel family. Crosstex is uniquely positioned to integrate our innovative water processing and time-saving products into more dental offices worldwide.”

### **About Crosstex International, Inc.**
